FREE UNION, VIRGINIA

30 acre farm with a four bedroom home, guest cottage, barn, stocked pond and river frontage.

Located in a pristine mountain hollow where a lot of folks are living off the land with huge gardens, orchards, chickens and livestock. You could too in this cozy four bedroom Cape with a full basement replete with a canning/root cellar and a woodstove that will heat the whole house. Don't worry - it's got a good heat pump, drilled well, and attached garage and even a long paved driveway.

It even has a charming three bedroom cottage overlooking the stocked pond and a great little bank barn with storage above and stalls below in case you want a horse or two which would thrive on the five acres of good pasture.
